retailers, architects, interior
designers, project managers,
builders, and home owners to cre-
ate custom products to
ensure your bathroom is
finished perfectly, down to the
very last detail.**

COLLECTION

BESPOKE (B)

Indoor and Outdoor Floor Grates

We specialise in the design and manufacture of custom floor grates for indoor and outdoor applications. All of our floor grates are made from marine grade stainless steel and the highest quality solid brass.

- Any width x any length
- Custom depth to fit tight spaces

Our RAW Collection

Inspired by the beauty and longevity of raw materials, Bespoke's Raw Collection is made entirely with natural brass. Each piece is handcrafted in Australia by our expert metal craftsmen. Finishes in our Raw Collection are 'natural' and patina over time.

High traffic items (towel rails & floor wastes) will generally age faster than low traffic items (shower door hinges & mirror frames). Unlike plated coatings, RAW finishes will not chip or fade and can be refreshed multiple times.

Aged:

Immediately after aging, the patina is soft and must be handled with care.

Any scratches will reveal the raw brass below. Aged finishes can be maintained through regular cleaning with a mild furniture polish followed by a multi-purpose oil.

Complete our order form for a free quote or
contact us on **0410 035 607**.

A close-up photograph of a marble tile with a dark metal grout line. The marble has a light cream color with dark grey and black veining. The metal grout line is a dark, possibly black or dark bronze, color and runs diagonally across the frame. The text "BESPOKE" is written in a dark blue, serif font, with a registered trademark symbol (®) below it. Below the brand name, the text "Tile Insert Grates" is written in a dark blue, sans-serif font, followed by the tagline "Custom made to suit your tile." in the same font and color.

CBARO-950

COLLECTION

Consoles

Frank

FRANK Lloyd Wright was an architect known for his work with very rectilinear and harsh square lines. He is considered one of the greats of modernism.

Lalique

Renè LALIQUE designed French jewellery, perfume bottles, lamps, car hood ornaments and was very feminine in his exquisite designs.

Mackintosh

Charles Rennie MACKINTOSH was an architect and a strong influencer of the Art Nouveau design movement. His work was built around the needs of individuals, not to the masses - bespoke. He became known for his work contrasting strong right angles, with subtle curves.
